

AUTOMOTIVE TOP GEAR!

INTEREXPORTCAR
Quality Cars from Europe

A prototype of innovative opportunities

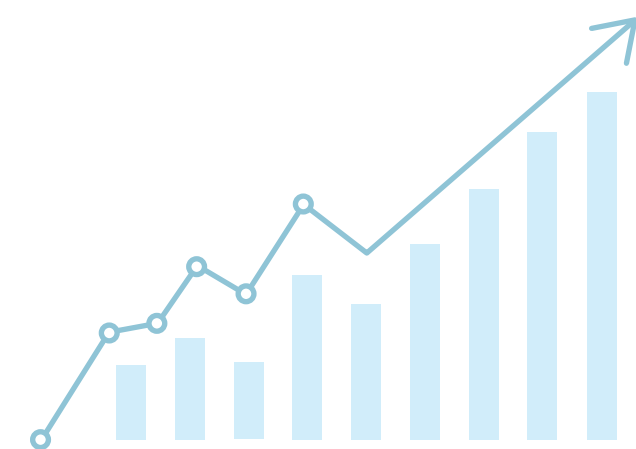

We work fast making the customer's offer available on different platforms and in different countries.

We are innovative – we provide comprehensive services for solid and fast support of your automotive business.

InterExportCar solutions are a comprehensive tool for cars selling and purchase.

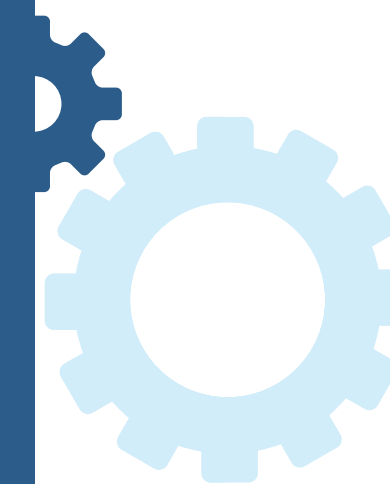

Our company's experience and capabilities are your highway to new markets and a chance to increase sales on local market.

Sales increase

Comprehensive tool

Why us ?

1

Global reach of the offer

This package ensures that all adds published on the InterExportCar website are also visible on various partner platforms.

RESULT: an opportunity to acquire new customers directly on their local markets

2

System integration

We ensure that car sale offers of customers with own websites are automatically integrated with our system

PROFIT: offers are published and updated with one click of a button on own website.

3

Outsourcing that supports the sales on local and foreign markets

While working with our contractors we share our knowledge and worldwide experience.

OPPORTUNITY: to learn about rules applicable on other markets

4

Professional services provided in many languages

Upon request, we communicate with customers throughout Europe

NO LANGUAGE BARRIERS: all potential customers prefer to talk to us in their mother tongues.

5

Your company advertised worldwide

Broad scope of activities that promote your brand on the European market as well as in selected EU countries.

GROWTH: cooperation with InterExportCar a chance to make new business connections.

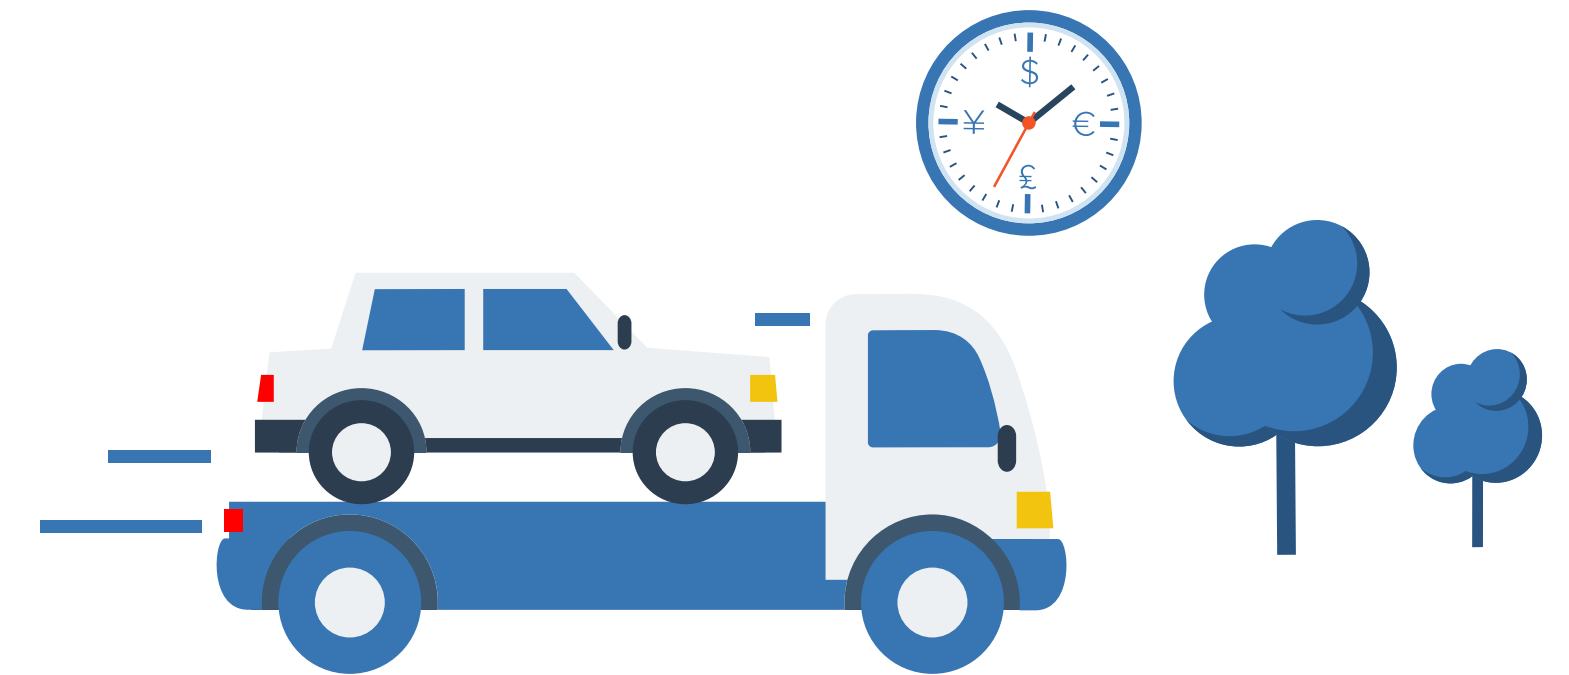

6

Logistics and forwarding

Fast and safe delivery of a purchased vehicle directly to a customer.

You complete the transaction - InterExportCar may take care of its effecting.

COMFORT: comprehensive transaction handling is possible without your involvement.
